

IMPORTANT UPDATE TO BOOKING SYSTEM

Dear Members,

In line with the new COVID Regulations, from and including the 19th July 2021, the following changes will be implemented.

CASUAL BOWLERS

There will be no requirement to book a rink, just turn up and play. You will be permitted to stay as long as you like, provided there is a rink available.

You will be required to use the computer in the clubhouse to check which rinks are available.

Please note, all roll up bookings made before the 19th have been cancelled from the system.

COMPETITIVE BOWLERS

Those involved in internal or external competitions will use the booking system, via the website, to book their matches.

Please note any bookings made before the 19th remain on the system and are still valid.

As previously, the Club wishes to restrict the number of rinks being used for Competitive matches, therefore the following will apply when booking your games.

Only two rinks will be booked for competitive matches, per time slot, if further matches are booked in the same time slot they will be deleted by the administrator.

Matches for this season will continue to be a maximum of two hours. Any member competing in external competitions can book two consecutive slots in order to play an untimed game.

All competitive matches must be in the booking system, you cannot just turn up and play.

ORGANISED EVENTS AND MATCHES

All S&D and G&F matches, special event days, plus the Saturday Spoon Drive and Wednesday official roll up are already booked on the system.
